Lightning Kills Irma Youngster

The sympathy of all at Irma and district goes out to Mr. and Mrs. Gerald Glasgow and family on the loss of their younger son Robert who was killed instantly Thursday noon, May 16, when struck by lightning while playing on the Irma school grounds. Robert was playing near the metal swings when struck. A school mate, Gary Archibald, was spun around by the force of the lightning but was not injured. Funeral services for Robert were held on Monday last. Full obituary next week.

Bless the Lord, O my soul, and all that is within me, bless His holy name.
Bless the Lord, O my soul, and forget not all His benefits:
Who forgiveth all thine iniquities; who healeth all thy diseases;
Who redeemeth thy life from destruction; who crowneth thee with loving kindness and tender mercies;
Who satisfieth thy mouth with good things; so that thy youth is renewed like the eagles.
The Lord executeth righteousness and judgment for all that are oppressed.
He made known His ways unto Moses, His acts unto the children of Israel.
The Lord is merciful and gracious, slow to anger and plenteous in mercy.

New Car Insurance Pool Started By FUA

EDMONTON, May 16 — The FUA completed arrangements for the setting up of a Farm Union Car Insurance Pool according to Mrs. W. C. Taylor of Wainwright, Chairman of the Union Car Insurance Committee. Under this plan farmers will take out car and truck insurance with the Co-op Fire and Casualty Company. When 7500 vehicles are insured their policy will be put in a pool and in subsequent years their rates will be set on the basis of the experience they have had — few accidents, low rates, many accidents high rates. Commenting on the plan A. W. Platt, President of the Union, said, "This is a self help plan to get insurance at cost. Not only are we cutting out costly administrative frills but by giving our members a stake in the business we can demonstrate that safe driving pays. We fully expect that farm people will demonstrate that accidents can be reduced. He also stated that while this scheme was limited to Farm Union members there was no reason why large city groups could not also take this car insurance business in hand and reduce their rates by developing similar plans."

Edmonton Junior C. of C. School Patrol Picnic

The Edmonton Junior Chamber of Commerce, School Patrol Committee, have recently finalized plans for this year's joint Jaycee School Patrol Picnic. The date has been set at Wednesday, June 5. On this day, the Jaycees will entertain members of Edmonton and surrounding districts, public school Safety Patrols; the boys and girls to whom the Jaycees believe all Edmonton owes a debt of gratitude keeping our school zone pedestrian crossings safe in snow and sleet, rain and shine.

The Jaycee School Safety Patrol Picnic will officially get underway with a mammoth parade featuring the members of the School Patrol, many bands, floats and military marching groups. The parade will tour Jasper Avenue. Following the parade, the youngsters will board buses for the trip to Victoria Park, site of the picnic. At the picnic, the youngsters will be entertained by well known sport personalities and local show people. Several rides will be provided for the youngsters. They will include ferris wheels and merry-go-rounds. Contests will continue throughout the picnic day, and while at this early date, the prize list is far from complete, it is known to include several bikes, portable radios and flash cameras.

The Jaycee School Patrol committee will issue progress reports on the picnic to keep the public informed right up to parade time, Wednesday, June 5.

CGIT Girls Hold Graduation Exercises

The Irma United Church was the scene of a very lovely service on Wednesday evening, May 15 when the Senior CGIT group presented its graduating exercises.

Lorraine Pond presided at this service and was a splendid mistress of ceremonies.

The three graduates were Misses Marian Smallwood, Della Symington and Alice Tomlinson. Della was called upon to give the Valedictory address, which she did in a very able way. Della told of the years they had spent in CGIT and of the opportunities there for training in leadership, in camp life and also in spiritual development and made it clear that the girls did not intend such things should stop at graduation. This was only a door for greater christian service and opportunity. Her topic can best be summed up in the title she had chosen for it, "What CGIT means to me and what I feel I can now contribute to the Christian Church."

This was followed by a solo "God Will Take Care of You" by Mrs. F. Jack.

Rev. H. W. Inglis then addressed the gathering and told of the happy associations we have all had with these three young ladies during their life here. He spoke of the high standards required by CGIT and of how these had been fulfilled and of how happy the church is to receive such reinforcements from our younger groups.

Mrs. Inglis then conducted the graduating ceremony and presented the diplomas.

Coffin on behalf of the afternoon group of the W.A. presented the graduates with American Beauty rose corsages. Mr. Inglis gave the prayer of Dedication and the girls were received by Mr. Inglis and representatives of the W.A. groups, the WMS and the Session of the United Church.

Then the large gathering of friends were all invited to the basement of the church where they were welcomed by Mr. Inglis, the graduates and their mothers. Mrs. Inglis led a lively sing-song and Mrs. Larson's intermediate group presented a dramatization.

Marian Smallwood made a lovely speech thanking Mrs. Inglis and Mrs. Larson and other leaders of the past for their work in CGIT and also the parents who had made it possible for the girls to attend regularly. On behalf of the graduates she presented Mrs. Inglis with a beautiful tea set. Mrs. Inglis fittingly replied.

A delicious lunch was served by the Evening Group of the W.A. Alice Tomlinson sincerely thanked the W.A. ladies for their kindness and this happy occasion closed by all singing "Taps."

The Evening Group of the W.A. will hold a sale of home baking in Larry's Food Market on Saturday, May 25 starting at 3 p.m.

Camrose College Choir to Present Concert in School Auditorium On Sunday

Again the opportunity will be presented to Irma and district to hear the 57 Voice Camrose Lutheran College Choir on May 26 at 3 p.m. in the school auditorium.

The choir, together with their director Mr. E. Marken, journeyed to the west coast during the Easter recess. They sang in several concerts in New Westminster and Vancouver, and also gave two concerts for American audiences in Anacortes and Seattle.

University Feeders' Day

Saturday, June 1 is the 36th annual feeders' day at the University of Alberta Stock Farm. The program starts at 10 a.m. and finishes at 4:30 p.m. Results of experiments carried out over the past year in the feeding of beef cattle, dairy cattle, swine and sheep are discussed and general questions answered. A lunch is served at noon at a very nominal cost. Any stockman can benefit from attending this worthwhile function.

Spray Early for Weed Control

For best results and best crop yields weeds should be sprayed as soon as the crop is in a safe stage. As weeds get bigger it takes more chemical to kill them and this adds to cost. At the same time the increased amount of chemical increases the chance of crop damage so you can lose two ways. Remember that Oats and Flax are easily damaged by spraying so use extra caution when treating these crops.

Stored Grain

Don't forget to take a look at those granaries which are full of grain. A small leak in the roof can result in enough moisture getting in to start heating, or some of the insects which cause damage to grain may start to work in this warmer weather. Anyway it is a sound idea to check these granaries periodically for signs of trouble.

Care of Lawns and Ornamentals

A pleasant setting for the farm home adds greatly to the pleasure of living there. The basic part of any landscaping is the lawn. In this area it is particularly important not to cut the lawn too short as a period of hot dry weather following a close cutting may hurt the lawn.

Funds to pay the universal old age pension are obtained from a two per cent sales tax, a two per cent personal income tax, plus a two per cent corporation income tax. Cost is now about \$9 million a week.

Weeds can be controlled with chemicals to some extent but care must be taken to insure that the chemical does not harm flowers and other ornamentals. Ornamentals should be chosen carefully for two reasons, one being to get species which will stand our climate, the other to get plants which will give the appearance desired. This is particularly true as to the height to which the plants will grow. There are bulletins available at this office on ornamentals which describe them and tell which kinds are suitable for the area.

WHY THE WOMEN OF ALBERTA ARE VOTING LIBERAL IN THIS FEDERAL ELECTION

FAMILY SECURITY

As women, we know that the Liberal government, through family allowances, old age pensions, veterans' payments, blind and disabled persons pensions, National Housing Act, has done more to safeguard our homes and families than any other party.

HOSPITAL INSURANCE

As women, we are voting Liberal in support of the national hospital insurance program.

WORLD LEADERSHIP

As women, we are supporting the Liberal party which has presented men of outstanding character and ability, and whose efforts have contributed greatly to peace in our world.

RECOGNITION OF WOMEN

As women, we approve of progress by the Liberal government in sponsoring legislation to provide equal pay for equal work by women in federal agencies.

SPLINTER PARTIES

As women, we are practical. We realize our nation cannot be united while there are quarrelling local splinter parties. We are voting Liberal, the only truly national party from coast to coast. The only party that can give us effective government.

Send your Liberal candidate to Ottawa to continue this good work.

WEDDING BELLS

ALLEN — WEMP
All Saints Cathedral was the scene of a spring wedding when Miss Maxine Joyce Wemp, only daughter of Mr. and Mrs. D. Wemp of Viking, became the bride of Mr. Clifford Allen, eldest son of Mr. and Mrs. C. Allen of Drayton Valley, on April 6, 1957.

Rev. V. P. Cole performed the double ring ceremony before an altar banked with spring flowers. Guest pews were marked with white satin bows. Given in marriage by her father, the bride appeared in a strapless gown styled with lace bodice and bouffant tulle skirt, appliqued with lace. Her matching bolero was styled with lily point sleeves and mother of pearl sequins. Her floor length veil of illusion misted from a pearl studded crown. She carried a cascade of red roses and her only jewelry was a rhinestone set, gift of the groom.

Attending the bride were Miss

Phyllis Edgecombe and Miss Marge Davies, both of Edmonton. Little Nancy Lynn Wemp, niece of the bride, was flower girl. The attendants chose identical waltz length gowns of pink lace over tulle. They were matching picture hats and carried fan shaped bouquets of blue baby mums. The flower girl wore a blue nylon dress and carried a basket of spring flowers.

Attending the groom were his brother, Mr. Robert, and William Wemp. Wayne Wemp acted as ring bearer. Ushering the guests were Mr. Doug Cornell and Mr. John Wemp. During the signing of the register, Miss Ruth Cobern sang the Wedding Prayer.

Mr. Wemp, mother of the bride, chose a navy dress, with white accessories and wore a corsage of red roses. Mrs. Allen, mother of the groom, wore a navy blue suit with pink accessories and a corsage of yellow roses.

To The People of the Federal Constituency Battle River-Camrose

Carl Heckbert

Your Federal Liberal Candidate Battle River-Camrose

We hear a good deal from opposition parties claiming that nothing whatever has been done by the Liberal Government of Canada on behalf of Western Agriculture.

We hear claims that if this or that party is elected to office they will, virtually at the stroke of a pen, make everything sunny-day for our farmers. Doubtless statements of that kind will be taken by intelligent people for just what they are worth.

The Liberal Government HAS provided for:

1. PRAIRIE FARM REHABILITATION. Thousands of water development projects have been brought into being. One and a half million acres have been made into community pastures. Hundreds of families have been moved to better lands to better their chance of success.
2. THE FARM LOAN BOARD, a Liberal measure has been amended to improve the loaning situation.
3. AGRICULTURAL PRICE SUPPORTS have been provided for farm products.
4. BONUSSES have been paid on A and B Grade Hogs with \$6 million used for the purpose in 1956.
5. THE FARM IMPROVEMENT LOAN ACT has made it possible for farmers to finance essential machinery.
6. FREIGHT PAID ON FEED GRAIN shipped to eastern markets.
7. THE CO-OPERATIVE MARKETING ACT has been passed to assist in marketing farm products.
8. WORLD MARKETS are being consistently and effectively sought.

The infant twin girls of Mr. and Mrs. Leslie Prosser were introduced to the neighbors Sunday at a baby shower at the home of Mrs. Phil Holt. Mrs. Anne Fyke of Viking attended the pleasant afternoon of games and singing. Mrs. Vance Shippy and Mrs. Lyn Hunter decorated the guest book and Mrs. Holt served the tea. Mrs. Prosser expressed her grateful appreciation.

Mr. and Mrs. S. Davies, Mrs. A. Swaiter and Mr. D. Faulkner were visitors to the city.

Mr. and Mrs. P. Holt and children, attended the wedding of a sister, Miss Lorraine Saville to Mr. George Rogers on May 6 at Grand Centre.

Mr. and Mrs. O. Holtar have had as their guests Mr. and Mrs. L. Anderson and Melvin of Sedgewick and Mr. Dave Fyke of Edmonton.

Mrs. Aaron Crouse has been a patient in Viking hospital.

A most successful cropping "bee" was held for Glenn Holler on May 15 under the management of Ambrose Beckett. Those taking part in the day's activities were R. Holler, J. Campbell, A. Landers, E. Holler, A. Crouse, N. Holler, L. Prosser, C. Holler, T. Greenwood, Alf. Winfield, H. Beckett, Cliff Tessman, A. Beckett and V. Shippy. Five ladies assisted Mrs. Holler serve delicious meals.

Medmas R. Vandervaele, E. Nash, M. Winfield, E. White and Miss Pauline Davidson motored to Vermilion on Saturday.

Other visitors to Vermilion were Mrs. T. Paret, Mr. H. Ellwood, Mr. and Mrs. A. Beckett and family.

Erroy Beckett was taken to hospital on Sunday. Frank Nash is back there too, after being in the city for treatment.

Mr. Ivan Holler of Jasper visited his relatives here Sunday.

The CCF program of parity and security for agriculture through guaranteed forward pricing, crop insurance and cash advances, is no election promise bait. These are things that every CCF MP has worked for throughout the years. The CCF HAS BEEN SAYING IN PARLIAMENT, WHAT YOU WOULD HAVE SAID FOR YOURSELF. YOU HAD BEEN THERE. In election years the other parties chant a "ME TOO" chorus. But they defend the monopolists and their profits, and protecting and parity mix no better than oil and water. ONLY THE CCF STANDS FOR "ENDING FROSTBITE AND SPECIAL PRIVILEGE." Remember, election promises are a dime a dozen. Only in the CCF DO PROMISES AND PRINCIPLES AGREE.

Journey to Hawaii

by Mrs. A. P. Firkus
(Continued from last week)

Up early for a flight to the island of Maui on a Aloha plane, where the Stewardesses perform hula dances during the flight. The pilot sighted whales, so we circled over them so we could all get a good view. Upon arriving we lunched then were taken up the Iao Valley which contains a volcanic forest, the volcano which towers 1000 ft. above the valley floor.

It was at the mouth of this valley that the famous battle was fought in 1790 when the forces of King Kamehameha from the island of Hawaii defeated the Maui chieftain and brought Maui under the rule of Kamehameha. We also visited the Haleakala crater, the largest dormant volcano which towers 10,023 feet above sea level but we could not see down too far due to low clouds but were fortunate to see the silversnow, a very rare plant growing on the rim of the lava rock. Back for a drive along the coastline before boarding the plane for Hilo on the island of Hawaii. Here we were greeted with orchid leis and the evening was free to watch the star shows. In the morning we started our trip by going to the beautiful Rainbow Falls and on to an orchid nursery where we saw orchids of every color, size and variety. We motored along the coast where we went through orange cane and coffee fields. We stopped for lunch at the Volcano House, on the edge of Kilauea Crater. North of the crater are large sulphur banks which are steaming all the time. All along the edge and in the centre of the Halemauau crater are steam vents coming out of the lava rock which has large cracks through it. The guides told us that the geological experts think it will erupt again in the not too distant future. Travelling along the highway you go over the lava rock of the last few big eruptions of 1950, 1952 and 1954. We also went into the Thurston Lava Tube which is a tunnel caused by fast flowing lava which was covered by the lava going through till it cooled and blocked the end. Much of the big island of Hawaii is covered by jagged lava where nothing grows. In between the flows towers Kona are very large coffee fields. Saw the black and beach which was formed by the ocean pounding on the lava rock. Saw the Captain Cook Memorial. He discovered the island and we also saw the first Christian burial place which Captain Cook had for one of his men on the island. The Captain Cook Memorial plot is the only British Colony property on the island. It is cared for by the British and is part of the Empire.

A Suggestion

Leave Your Furnace Pilot On This Summer

YOU PROFIT 2 WAYS

1. The slight amount of heat from the gas pilot will keep your furnace dry and free from rust all summer—adding to the life of your heating equipment.
2. With your pilot light always on duty, the furnace is instantly ready to warm your home on those unexpected damp or cold summer days.

THE TALE of the ANXIOUS AGENT

(he worries about your goodwill)

There was a certain agent who had much treasure. He guarded it carefully since it was not his own, but belonged to his customers. This treasure was called Goodwill. With other agents of his same company, he found that this treasure increased when he satisfied his customers.

Therefore this agent did many things. He served his customers faithfully. He sold only first-rate goods. He did many other things while he worried about the treasure.

Then one day he realized the truth: There is no need to be anxious about Goodwill. Good service and good products will not only increase it, but will also protect it. Now the agent is not anxious.

Morale: You good will is the most important prize to the world to any company. Every National Grain agent knows the importance of a satisfied customer, and he will take any reasonable step to see that you are satisfied. You see, he offers the kind of goods and services that reflect long-time friendship. Call on him soon, won't you?

CANDID DATUM ON CIVIL DEFENCE

When a city is destroyed, by modern war weapons, devastation can be total. In a flash, homes, stores, offices, factories become hideous, ruinous death-traps.

There is a breakdown of local utilities, possibly the collapse of local government and public moral faces breakdown. Unless there is advance planning and a good information service, the struggle for survival lies in earlier evacuation of anticipated targets.

Mass evacuation of large cities

cannot be undertaken overnight. It is an extremely complicated process, requiring months and years of planning and technical knowledge of the highest order. Training of key people and actual practices are essential, like any form of insurance, this costs money.

That is why in many cities in Canada, there is now a core of people trained in the techniques of communications, transportation, emergency feeding, registration, rescue fire-fighting, first aid and medical care, morale, shelter-building, radiation detection and rehabilitation.

That is why many cities have undertaken at great effort and expense practice evacuations and other emergency exercises, and will be doing more of them.

It is good to note that the By-law of the MD of Wainwright covering Civil Defence and disaster, received the Minister's approval and has received the 3rd and final reading at their Council meeting April 11. It is also encouraging to learn that an amount of money as modest as it appears was set aside in their estimated expenditures for 1957. It is hoped that the Town of Wainwright and Villages will follow suit.

It requires an investment of about \$10,000 in plant and equipment to create one new job in manufacturing in Canada. In heavy industry such as steel, cost is about \$15,000 per new job.

In 1939 average factory wage in Canada was \$20 a week, is now \$63 a week.

Hamilton, Ont., is often called "the Pittsburgh of Canada" because it is the country's steel-making capital. Raw materials for the industry are not immediately adjacent to Hamilton but are easily available by water transport.
